Subject: Dean Karen Blank to leave Barnard in 2004!

Attached Filename: 0893 Rupp Ltr Abridged

To: Barnard central administration, staff of Barnard Office of Dean of Studies, a few of the faculty active in Columbia-250

This is to inform you that Dean of Studies Karen Blank will be involuntarily departing Barnard in 2004, never to return. The attached file will give you some idea of her character -- her behavior makes her an easy candidate for exclusion from a quality institution such as Barnard.

I have nothing against the Barnard administration -- my issues are with the powers that be across the street from you. Blank was with that gang until Barnard, showing bad judgment, let her cross the road.

Please feel free to contact President Bollinger of Columbia for further details. Details will also be at my upcoming website.
